

STAINLESS STEEL PORTABLE/TROLLEY TANKS

RIGAL BENNETT GROUP – DT/DP range of stainless tanks

- Standard vessels are fabricated in 304 grade stainless grade can be supplied.
- All vessels have a sloping bottom to a clipper outlet thus allowing full drainage.
- New vessels can be fitted with a range of outlets to suit your requirements.
- Standard vessels are mounted on a stainless skirt band but can be fitted with legs if required.
- Our range of new and portable trolley tanks to enable the user to move tanks around their factory.
- Lids can be supplied at extra cost and can be adapted to accommodate stirrers, either bridge or clamp mounted.
- Extra connections can be supplied on request.
- Standard vessels are dull polished internally and descaled externally. Better finishes can be supplied at extra cost.
- Designed for liquids up to 1.2 specific gravity. Units have stiffened top ring to accommodate a clamp stirrer.
